# A Really Roman Day KS2+ Session

### at Peterborough Museum

The museum has a fantastic collection of Roman finds that tell the local Roman story of Durobrivae, from fortress to prosperous Roman town. There are four activities in this full day.

### Life in Durobrivae

In our Archaeology Gallery, pupils step back in time to 300 AD and explore what life might have been like in the local Roman town of Durobrivae.

As slaves, they help prepare for a special banquet at Castor Palace including chores in the kitchen and buying food from the Durobrivae market stall.

*"It feels real, like you're actually a Roman person. The jewellery and pottery looked beautiful. It was an activity more than just walking around which was nicer. I loved it that we had to plan our governor's feast with food and entertainment using the money to buy the food - and you had to get the change right or the shopkeeper would give you less money and ask for more money!"*

(Year 5 pupil from Castor Primary School)

### Pottery Apprentice

Learn the skills of a Roman potter. Make a Roman pot or a face inspired by our Roman collection to take back to school unfired.

### Meet a Roman surgeon or soldier

Meet the **Roman surgeon** to find out about Roman health and hygiene. Beware! The surgeon might need volunteers. Using scenarios, find out how a broken leg was mended, what was the best cure for a headache or even toothache. Compare with medical procedures from other historical periods, including present day.

Meet the **Roman soldier** to find out what it was like to be in the Roman army. Handle real and replica artefacts and try on Roman armour.

### Archaeology Detectives

Be an Archaeologist as you explore what Archaeology tells us about the Romans. Finds have just been brought into the museum but without labels! Handle real Roman pottery fragments and look for evidence in the gallery.
