WWII: 10th May 1941 KS2+ Session

at Peterborough Museum

Bring history alive with a day full of costumed interpreters and discover how the museum building and its people played their role in WWII as you step back in time to one specific day in 1941.

As London experienced their longest and worst night of the Blitz, bombs dropped on the Priestgate area in Peterborough.

The story for the day is that the children have just recently arrived at Peterborough North Station and have been brought to the Museum building for safety before being billeted to new families.

Before the visit, classes are given names of children who were evacuated to Peterborough during WWII. It will be great if you arrive on the day with your names on stickers.

Museum Cellar's Air Raid Shelter

You will be escorted down into the museum cellar's air raid shelter by an ARP Warden. Get settled and handle real WWII artefacts and test out your gas masks. Meet Abigail, the Museum caretaker's daughter, who is also sheltering downstairs. Experience the sights, sounds and even the shakes of an air raid!

If wished, it is possible for students to experience a real air raid shelter without the raid (so no Abigail projection, sounds and shakes!)

Meet a Home Guard Soldier

Meet Mr Winter, the Museum caretaker, whilst on his Home Guard duties. Discover what this involves and try out some of the tasks including drill. Practise using a stirrup pump and watch out for any incendiary bombs in the Museum Garden!

Please see '**Other information**' for additional activities that complement this local history study.

Learning objectives:

Participating in these 'WWII' activities, pupils will:

- study an aspect of history and a site that is significant in the locality.
- develop greater understanding, knowledge and appreciation of their local history and the past way of life.
- develop an understanding of how our understanding of the past is constructed from a range of sources.
- identify, understand and appreciate what impact WWII had on the local area.

- make statements and inferences based on evidence.
- use spoken language to develop understanding through speculating, hypothesising, imagining and exploring ideas.

*“Great hands-on activities and all very accommodating with lovely staff”
